This course is delivered by the Perth USAsia Centre in partnership with the Australia–Korea Business Council and supported by the Commonwealth through the Australia–Korea Foundation, which is part of the Department of Foreign Affairs and Trade

Who we are

The Perth USAsia Centre is a non-partisan, not-for-profit institution based at The University of Western Australia. We foster stronger connections, educate, and empower our government, business, academic, and civil communities to better understand the critical issues facing our region. Since our inception in 2013, we have informed a broad and diverse community of over 30,000 individuals through more than 800 events across 25 cities in 10 countries.

Why choose us

Expert-led courses: Learn from over 30 leading regional and international experts. Our courses provide high-quality, current, and relevant insights into Australia's international outlook and the dynamic Indo-Pacific region.

No prior knowledge required: Start learning immediately—no prerequisites needed.

University-backed: All courses are developed in partnership with The University of Western Australia, a global top-100 university.

Student support: Receive weekly emails to keep you on track, plus access to our team for questions. Online discussion boards are moderated to ensure timely responses and smooth engagement.

Accessible & inclusive: Courses are fully captioned and meet government and industry accessibility standards.

Bespoke learning solutions

The Centre offers bespoke learning and development programs for Australian government, business, academic and civil society communities in areas including:

1. Trade and investment economic diplomacy
2. International policy and strategies
3. Understanding Australia
4. Diplomatic tradecraft

It is also an approved provider on the Australian Government's Specialist Learning and Development (L&D) Panel under Standing Offer Notice 4095746.

We deliver in-person and live online briefings, workshops and education sessions, fully online courses, self-access digital resources, SCORM-based learning packages, and standalone multimedia materials.
